

## USB Audio Interface

### 500R8

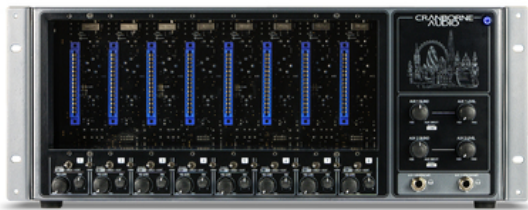

500R8 is a 28in/30out USB audio interface with high-performance conversion and low-jitter internal clock, comprehensive monitor controller, analogue summing mixer, zero-latency artist mixer, and 8-slot high current 500 series rack. C.A.S.T inputs allow expansion with other C.A.S.T. enabled devices.

500R8	CRA0002	RRP: £1,332.50
-------	---------	----------------

## ADAT Expander

### 500ADAT

500ADAT is an 8-in/8-out ADAT expander that combines a 500 series rack with high-performance AD/DA conversion and ADAT I/O that allows any engineer to integrate the 500 series format into their studio using free ADAT I/O on the back of many popular audio interfaces.

500ADAT	CRA0003	RRP: £1,165.83
---------	---------	----------------

## Mic Preamps

### Camden 500

Astoundingly transparent and detailed 500 Series preamp. Transformerless front-end topology with 68.5dB of gain. Tailored input impedance and headroom for mic, line and hi-z inputs, via 3-way switch. 'Mojo' custom analogue saturation circuit that transforms Camden 500 into a fat, warm colourful mic preamp, with 'Thump' and 'Cream' circuits which can be fully bypassed. HPF, phase & phantom power.

Camden 500	CRA0001	RRP: £249.17
------------	---------	--------------

### Camden EC2

**NEW**

Two channel 19" preamp featuring award-winning Camden 500 preamp topology, mojo analogue saturation circuits, and dual reference-quality headphone amplifiers with discrete line mixers.

Camden EC2	CRA0004	RRP: £915.83
------------	---------	--------------

### Camden EC1

Preamp, Signal Processor, and Headphone Mixer. Camden EC1 introduces one of the cleanest and most transparent preamps on the market into a standalone, desktop-friendly chassis that can integrate with any audio interface.

**NEW**

Camden EC1	CRA0008	RRP: £457.50
------------	---------	--------------

## CAST Expanders

### N22H

Standalone reference-quality headphone amplifier, cable management system and advanced headphone distribution system. N22H is a headphone amp that can be deployed exactly where it is needed - right beside the musician, using a single Cat 5 cable. Paired with another C.A.S.T. enabled product via Cat 5, N22H can transmit 2 mic/line signals into the connected device for processing whilst simultaneously receiving a stereo monitor mix directly into its reference-quality headphone output.

**NEW**

N22H	CRA0006	RRP: £132.50
------	---------	--------------

### N22

Standalone 4 channel Cat 5 snake and advanced audio distribution system using Cranborne's C.A.S.T. system. Replaces four balanced XLR cables with one Cat 5 cable over distances of up to 100m. Two XLR inputs, two XLR outputs & two 1/4" jack outputs.

**NEW**

N22	CRA0005	RRP: £82.50
-----	---------	-------------

## Accessories

### Vintage Wallpaper Blanking Plates

Vintage Wallpaper from Cranborne Audio are two 500 series blanking plates in one package, ready for papering across empty slots on any 500 series rack.

**NEW**

Vintage Wallpaper Blanking Plates	CRA0007	RRP: £33.33
-----------------------------------	---------	-------------

### Half Rack Kit

**NEW**

The Half Rack Kit is perfect for rack mounting any Cranborne Audio half-rack product (such as Camden EC1) into 19" or half-width racks in a variety of different configurations.

Half Rack Kit	CRA0009	RRP: £33.33
