Monaco Korina

Monaco Korina		
THE MONACO KORINAThis cool and lightweight guitar is based on a very limited edition, much-sought-after, Hamer customshop model from 2005. Just like that vintage masterpiece, the new Special K features a solid Korina single cut body and Korina neck with Ebony fretboard and jumbo frets. The two soapbar P90 pickups and wrap-around Wilkinson bridge deliver awarm and versatile tone and all the sustain of much heavier Mahogany solid body guitars. The blending of the materials with Hamer's brand ess...

Special Jr.

Special Jr.		
The Special Jr. A slightly downscale version of the Sunburst was originally released in 1980. It differed from the Sunburst mainly in that it lacked binding and an arched top. Built with a full depth dovetail neck joint and fitted with a Hamer Dog Eared P-90, the SPJ provides resonance galore. It may look like a one-trick pony—but what a ride.

Archtop

Archtop		
The ArchtopThe Archtop is based on the Hamer Studio body, the third classic Hamer design introduced in 1977. Upgraded with a solid Maple top on Mahogany body, the tone is beefy yet focused and a Transparent Black on figured Maple veneer results in a visually inspiring instrument. The Archtop comes standard with a Tune-o-matic bridge and classic Hamer controls and switch orientation.

Sunburst

Sunburst		
The SunburstBased on the original Hamer flat top Sunburst models from late 1970s, the new Sunburst blends an old-soul with best-in-class specification. The body shape and neck joint are based on the sought-after vintage Hamer originals. The new Sunburst features Flamed Maple over a solid mahogany body and a period authentic sunburst finish. The fast-playing set neck is fitted with an ebony fretboard with jumbo frets. It is equipped with a hard-tail bridge and the dual hot-rodged zebra Hame...
