

## BLOCKS

### Seaboard Block

Seaboard Block is a 24 keywave / 2 octave playing surface for the BLOCKS system. Features the same 5D Touch technology as the Seaboard RISE. 4 DNA connectors for connecting to other BLOCKS, USB-C port for MIDI Out and power. Full MIDI capability over USB and Bluetooth LE. 10 hour battery time, 4 hour charge time. Requires iPhone 6, iPad air or newer, iOS 9.0 or above.

Seaboard Block	ROL0014	RRP: £233.29
----------------	---------	--------------

### Songmaker Kit

The Songmaker Kit from ROLI is more than the sum of its parts. Snap together the award-winning Seaboard Block, Lightpad Block, and Loop Block to create a powerful, integrated instrument that lets you make music anywhere. Customised hardware-software integrations help you make the most of the touch-responsive musical surfaces. Have fun building up — and breaking down — each part of your song with Songmaker Kit.

Songmaker Kit	ROL0020	RRP: £458.29
---------------	---------	--------------

### Beatmaker Kit

Beatmaker Kit gives you everything you need to take your beats to the next level, whether you're making your first track or honing your technique. Learn finger drumming skills, play with hundreds of expressive sounds, and complete your track with a suite of software. It's an all-in-one package for making beats, wherever your musical ideas strike. Lightpad MLightpad M is the most advanced version of ROLI's award-winning Lightpad Block. Dimpled with 225 micro-keywaves for precise and expressi...

Beatmaker Kit	ROL0024	RRP: £208.29
---------------	---------	--------------

### Lightpad M

Lightpad M is the updated version of ROLI's award-winning Lightpad Block that features an enhanced tactile surface for additional expression control.

Lightpad M	ROL0019	RRP: £158.29
------------	---------	--------------

### Lightpad Block

The centrepiece of ROLI BLOCKS, the modular music studio. On the Block's pliable, pressure-sensitive surface you shape sound through gliding, pressing, lifting and other intuitive gestures. The surface is a glowing grid of squares that guides you to make beats and shape melodies.

Lightpad Block	ROL0009	RRP: £141.63
----------------	---------	--------------

### Touch Block

Touch Block helps you adjust the expressive behavior of your Seaboard Block and Lightpad Block. Turn up or turn down the responsiveness of the surface to the Strike, Glide, Slide, Press, and Lift dimensions of touch. Maximize the depth of expression available through pressure, or minimize the pitch-bend effect of sideways movements.

Touch Block	ROL0015	RRP: £74.96
-------------	---------	-------------

### Live Block

Part of the ROLI BLOCKS system, the Live Block makes it easier to perform music in real time with BLOCKS. Its controls let you switch scales and octaves, play chords and arpeggios, sustain notes, and cycle through sounds. The Block creates shortcuts to functions that make your musical performances more expressive, so you can spend more time improvising and less time navigating software menus.

Live Block	ROL0010	RRP: £74.96
------------	---------	-------------

### Loop Block

The Loop Block controls set your tempo, record loops and play them back, and quantize your recorded loops so they snap in time with the tempo. The Block creates shortcuts to the most popular functions of music production, so you can spend more time building amazingly multi-layered tracks and less time navigating software menus.

Loop Block	ROL0011	RRP: £74.96
------------	---------	-------------

## Seaboard RISE

### Seaboard RISE 25

The Seaboard RISE marks a turning point in the accessibility of Expressive MIDI products to a broad consumer market. It is the first Expressive MIDI device to offer an easy-to-use multi-platform synth, the first with an integrated user control panel, and the first to perform wirelessly with an integrated battery and MIDI over Bluetooth.

Seaboard RISE	ROL0002	RRP: £583.29
---------------	---------	--------------

## Seaboard RISE 49

The Seaboard RISE 49 is a revolutionary MIDI controller. It remodels the keyboard as a soft, continuous surface that responds to touch. Playing on its unique "keywaves," music-makers shape sound through intuitive movements such as striking the keywaves, pressing into them, gliding from left to right along them, or sliding up and down them. A whole new level of expression becomes possible through the RISE 49's "Five Dimensions of Touch". The instrument combines the expressive depth of an acoustic instrument with the versatility of an electronic instrument.

Seaboard RISE 49	ROL0025	RRP: £833.29
------------------	---------	--------------

## Snapcase Duo

Covers, protects, and reinforces two Lightpad Blocks or one Lightpad Block plus two Live, Loop or Touch Blocks

ROLI Snapcase Duo	ROL0013	RRP: £37.46
-------------------	---------	-------------

## Seaboard GRAND

### Seaboard GRAND Stage

The Seaboard GRAND is a radically new musical instrument that reimagines the traditional keyboard. The Seaboard GRAND features gloriously tactile silicon keywaves that allow you to utilise your muscle memory and keyboard knowledge to play like any other keyboard instrument and also so much more.

Seaboard GRAND Stage	ROL0001	RRP: £2,333.29
----------------------	---------	----------------

## Accessories

### Flip Case (Sky)

Flexible, foldable cover for the RISE 25. Shields the silicone keywave surface from dust, spills, and damage as well as acting as a stand. Sky blue colour.

FlipCase (Sky)	ROL0003	RRP: £83.29
----------------	---------	-------------

### Snapcase Solo

Covers, protects, and reinforces a single Lightpad Block

Snapcase Solo	ROL0012	RRP: £29.13
